

**Amendments to the Specification**

1. Please replace the paragraph beginning at page 9, line 18 of Applicant's Substitute Specification filed July 9, 2007 with the following:

At first, the user executes an access from its terminal 2 to the content commerce server 3 utilizing a web browser such as ~~Netseape~~ NETSCAPE navigator, and, upon finding a desired content, provides an instruction for a purchase. Then, in a step S201, the content commerce server 3 displays an account menu of the content on the web browser of a display of the user terminal 2.

2. Please replace the paragraph beginning at page 14, line 14 of Applicant's Substitute Specification filed July 9, 2007 with the following:

On the other hand, the license control 13 and the content key 14 are transferred from the content commerce server 3 to the usage right control server 5 under the management of the seller (licensor) of the content. In case the usage right control server 5 is same as the content commerce server 3, the license control 13 remains in the content commerce server 3.
